

- **FHWA and FTA resources**

- Websites
 - [Transportation Planning Capacity Building](#) – provides a compilation of resources, publications, peer reports, and related information.
 - [Transportation Performance Management](#) – provides additional performance management resources and an email list for receiving performance management updates. The TPM Digest can be accessed through this site, and provides many resources and examples from around the country.
 - [FHWA Transportation Performance Management Presentations and Webinars](#) – includes archived webinars on MAP-21 rulemakings and the Let's Talk Performance series.
- Documents
 - [Performance-Based Planning and Programming Guidebook](#) – gives a good overview of integrating performance management throughout the planning process.
 - [Model Long-Range Transportation Plans: A Guide for Incorporating Performance-Based Planning](#) – focuses on incorporating performance-based planning throughout the LRTP, and includes examples from State DOTs and MPOs. Chapters 5 and 6 provide a good overview of crafting goals, objectives, and performance measures, as well as how to utilize performance measures.
 - [Performance-Based Planning for Small Metropolitan Areas](#) – focuses on MPOs under 200,000 in population, and includes a couple case studies.

- **Draft MAP-21 rulemakings**

- [Statewide and Nonmetropolitan Transportation Planning; Metropolitan Transportation Planning](#) – draft published 6/2/2014
- [Draft measures for Highway Safety Improvement Program](#) – draft published 3/11/14. Required measures:
 - Number of fatalities on all roads
 - Rate of fatalities on all roads
 - Number of serious injuries on all roads
 - Rate of serious injuries on all roads
- [Draft measures for Pavement Condition and Bridge Condition for the National Highway Performance Program](#) – draft published 1/5/2015. Required measures:
 - Percentage of pavements on the Interstate System in Good condition
 - Percentage of pavements on the Interstate System in Poor condition
 - Percentage of pavements on the NHS (excluding Interstate System) in Good condition
 - Percentage of pavements on the NHS (excluding Interstate System) in Poor condition
 - Percentage of NHS bridges classified as in Good condition
 - Percentage of NHS bridges classified as in Poor condition

- **AASHTO reports**

- [AASHTO SCOPM Task Force Findings on National-Level Performance Measures](#) - makes recommendations regarding the development of the national measures, which are summarized on pages 4 and 5.
- [AASHTO SCOPM Task Force Findings on MAP-21 Performance Measure Target-Setting](#) – some implementation recommendations are contained on pages 7-10, and the two reports are tied together on pages 13-22 with target setting recommendations for the specific measure areas.
